MANAGEMENT DISCUSSION AND ANALYSIS REPORT

SCABAL is one of the largest business setup in Saurashtra focusing on extraction of bauxite from natural mines in the region. The company also recently initiated a sophisticated process of manufacturing of Calcined bauxite catering to the emerging needs of the Indian mineral market. SCABAL derives its name from bauxite itself – a gesture to acknowledge one of the most resourceful minerals of the country.

SCABAL has been excelling in its core expertise of mining bauxite for over four decades now. As we grow, we are proud to present to our esteemed clientele 'Calcined Bauxite'. We are committed to consistently progress towards optimal utilisation of bauxite and contributing to the production of its allied products.

SCABAL PRODUCTION PROCESS

- **MINING**

Basic mining process is systematic open cast - semi-mechanized as per the following stages:

a) Mine development - overburden removal.

Since the bauxite occurs close to the surface, with a shallow overburden (at places it is exposed at the surface itself). Mine development is carried out by direct removal of overburden using excavators. Drilling/blasting also done wherever required. Open cast mine benches are developed to facilitate proper bauxite excavation.

b) Pre-Mining grade assessment of the area to be mined by trenching / pitting and drilling bore holes at the exposed surface.

Systematic sampling / analysis is done to ascertain grade at various point. Grade wise volumes available are recorded in the plan. Exploitation phase is planned based on the above inputs.

- **EXCAVATION**

This operation is carried out systematically through drilling, blasting and mucking, under the guidance and supervision of qualified and govt. approved blaster, geologist and mining engineer.

Excavator and dumpers remove the blasted and loosened material. The company has its own set of mining machinery (details given later) and also hires respective items whenever required additionally.

- **SIZING & SORTING**

This operation is carried out for sorting materials according to their size.

- **GRADING**

Quality wise sorted materials are graded in different categories like High Grade, Medium Grade & Low Grade.

- **CALCINATION**

The two technologies are used for Calcination of bauxite namely Rotary Kiln & Shaft Kiln

- **TESTING**

This is the only mining company in the area which has got an operating and active chemical testing laboratory, located near calcination plant at Bhatia. The laboratory is well equipped and staffed to undertake conventional wet chemical analysis as well as for rapid instrumental determinations of various elements in raw bauxite and calcination bauxite.

In addition to full complement of wet chemical analysis facilities and equipment the laboratory also has the following sophisticated instruments.

- x-ray analyser (Xmet -920)
- UV-VIS spectrophotometer (Model 119)

The laboratory facilities are also supplemented by sample preparation Facilities which comprise:

- Jaw crusher
- Roll crusher
- Pulveriser
- Balance etc.

The above set up is useful in carrying out large number of sample analysis on daily basis:

The laboratory generally follows ISO, Japanese and Bureau of Indian Standards (BIS method for analysis various elements in bauxite).

- **EXPORTING**

1) CARGO PREPARATION

Preparation of excavated bauxite into exportable cargo involves the following stages.

- a) ROM Sorting and grade assessment
- b) Crushing and Screening:

2) CARGO MOVEMENT
3) CARGO MANAGEMENT
4) CARGO STORAGE PLOT AT PORT
5) SHIP LOADING

INDEPENDENT AUDITOR'S REPORT

TO,
THE MEMBERS OF
SAURASHTRA CALCINE BAUXITE & ALLIED IND.LIMITED
PORBANDAR.

Opinion

We have audited the accompanying financial statements of Saurashtra Calcine Bauxite & Allied Ind. Ltd ("the Company"), which comprise the balance sheet as at 31st March 2019, and the statement of Profit and Loss (including other comprehensive income), the statement of Changes in Equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information. (here in after referred to as "the financial statements")

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with Indian accounting Standards prescribed under section 133 of the Act read with the Companies (Indian accounting standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and its profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in

accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the entity has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatement in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

With respect to the adequacy of internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".  - g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our Information and according to explanation given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31-Mar-2019 based on internal control over financial reporting criteria established by the Company considering the essential component of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
